

Worship Assemblies
 Instead of our regular assemblies in the worship hall, we are having our worships in our classrooms. Every Monday, a church group called Open The Book send us a video about a story from the bible, this is a school where we learn all about Jesus, and his inspiring stories.

Fitness and Clubs!!!
 Children are presented with a wide variation of clubs and activities after school, such as:
 Football club
 Hockey club
 Choir
 Yoga club
 Cricket club
 Rounder club

ASPIRE- During everyone's primary school time, we encourage our students to aspire to greatness in every good deed we do, shaping our pupils to be loving and caring. Achieve, succeed, persevere, include, respect and enjoying learning are vital life skills we teach here at St Stephen's.

Staff and anniversary
 As your child begins in foundation, we will soon be celebrating our 50th anniversary; striving to be a high quality school all these years, ensuring this continues through the decades beyond! Our experienced and trained staff help this happen, willingly working in partnership with parents, to give our children the best possible education.

Responsibilities
 Eco council is one of our extra curricular activities and one of our school leadership roles. Our school leaderships include:
 Librarian (Y1~Y6)
 School council (Y1~Y6)
 Worship leader (Y1~Y6)
 Eco council (Y1~Y6)
 House Captian (but only for Year 6s)
 These leaders spend time in their playtime to have meetings with teachers and speak about how to improve their area of responsibility.

ICT Suite
 In our school, we have an ICT suite where sometimes we have our computing lessons in. Learning to code, write documents and teachers occasionally set homework on websites we have log ons to for easier access.

ASPIRE TO GREATNESS is our school's motto. At St Stephen's we always ASPIRE to try our hardest and aspire to GREATNESS!!!

Welcome to St Stephen's
CofE Primary School.
Welcome to St Stephen's primary school, the community where your child can begin their exciting learning adventure! Our school headteacher is Ms H Wright. Deputy headteacher is also our Y6 teacher, Mrs S Smith. Normally, we would allow curious parents to roam around the school with our headteacher, however, because of the Covid-19, we cannot do this this year. Our friendly, popular and successful school is constantly striving to unlock each child's potential within, producing hardworking children to grow into bright, fantastic members of society in the future!

Outdoor Learning
Exploring and enjoying, we use our environmental area to teach children about the outdoor world and we have a various range of natural plants growing there. There are also a wide variety of fun learning activities for them to participate in and delight them. The most fantastic part of our outdoor paradise, is learning how to create a burning fire to cook and roast bread and delectable treats!

Stationary
During these times, we supply children with all their stationary needs, so that they will not need to share with other children. They will keep these items in their tray and pencil case.

Breaks and lunchtime
This is the infant playground w here Reception-Y2 will have their breaktimes and lunchtimes play. This is also w here your children can exercise during outdoor Physical Exercise (PE). At breaks, equipment such as: Skipping ropes
Hula hoops
Foam building bricks
Tennis or football,
keep children active and interested.
